

# ARE YOU GETTING THE MOST FROM YOUR PAYMENTS PROVIDER?

We know that being able to manage international payments in an efficient and cost-effective manner is vital to **underwriting agencies**. At Travelex Global Business Payments we can help by saving you time and money on your foreign exchange and international payments processes.

In a highly competitive industry, it makes sense that you look for partners who can help support your business.

At Travelex, we work with businesses right across Australia, and around the world, that experience similar issues to those facing underwriting agencies.

Whether it be grappling with solutions to manage high volume, multi-currency international payments or looking for ways to improve communication with your customers about the status of their payment. We can help you manage your FX and payments needs, so you can get on with managing your business.

**Independent research ranks Travelex as #1 for customer satisfaction with spot FX, a position we are proud to have maintained for the last four years.**

Does your business suffer from...	Travelex offers...
High volume payments, often requiring manual entry on a payment-by-payment basis?	Payment file uploads, allowing batch processing.
Significant time spent creating reports, often manually?	Customised reports and the ability to export into a variety of formats. And data is kept from day one!
A limited range of currencies, not supporting your needs?	130+ currencies available for transacting.
Approval processes on a time-consuming payment-by-payment basis?	Customise approval models for varying levels of authority as well as role function (build, quote, approve).
Valuable resources being used to collect and maintain beneficiary details?	A self service portal (Payee Manager) for managing beneficiary information.
Uncertain costs, such as beneficiary deduct fees and high TT fees?	Use of their ACH network for low value payments and zero beneficiary deduct fees.
Significant time spent by accounts staff in responding to beneficiary enquiries?	Automated beneficiary notification sent from Global Pay to inform beneficiaries that payment has been sent.
